

SOVIET FORCES OCCUPY VILNA; WAR PROBABLE

War-Like Developments Involving Russia Have Taken Place.

TREATY IS NOW OFF

Way Open For French Traders To Open Negotiations With Russ.

Paris, Nov. 26.—Momentous developments of both war-like and peaceful nature, all involving soviet Russia, have taken place in the last 24 hours. It is reported from a reliable source that the bolsheviks have occupied Vilna, the Lithuanian city which was recently seized by Polish detachments under General Zeligowski. Other strong detachments of soviet soldiers are massed east of Vilna.

(Note: Official announcement was made in the course of the League of Nations assembly meeting at Geneva that an international League of Nations army was to be created and would be sent to Vilna to occupy the city, pending a plebiscite to determine its future nationality.)

For the second time reports have been received from Riga that the soviet Russian delegation has broken off peace negotiations with the Poles. This second report was contained in an Exchange Telegraph dispatch which intimated that Russia might be preparing for a renewal of hostilities.

The way is now open for French traders to enter into commercial relations with soviet Russia although France is still determined not to grant formal recognition to the Moscow government.

ARMY AIR PILOT WINS PULITZER PRIZE AT MINEOLA, L. I.

Attains Speed of Three Miles a Minute Thanksgiving Day.

Mineola, Nov. 26.—Flying at a speed of virtually three miles a minute, Lieut. C. C. Mosely, piloting an American-madeerville-V-Packard army plane, won the first Pulitzer trophy aeronautical race here today against a field of 34 starters. He covered the course of slightly more than 132 miles in 44 minutes, 29.57 seconds, an average speed of approximately 178 m.p.h.

Officials of the Aero club of America, which conducted the race, first having estimated the course as 140 miles in length, announced immediately after the race that Mosely's average speed was 188.4 miles an hour, a new world's record. However, a careful rescanning of official miles an hour showed more than 32 miles in length, instead of 35, the average speed on the corrected length being cut down 10 miles an hour. It is expected that a survey of the course will be made in order that exact computations may be established.

The present world's aviation speed record is held by Sadi Lecoq, winner of the recent Gordon Bennett trophy race in France, who averaged 187 miles an hour in a special contest at Villa Comblay, near Paris, 10 days after he won the international trophy. In the Gordon Bennett race, over a course of 186.3 miles, Lecoq averaged slightly more than 169 miles an hour, although he had made 174 1/2 miles an hour in the trials.

GASTON CHEVROLET AND MECHANICIAN, ARE KILLED ON SPEEDWAY THANKSGIVING DAY

Machines Crash Together Near Close of 250-mile Race at Los Angeles—Roscoe Sarles Winner of Event—Averages 103 Miles Per Hour.

Los Angeles, Cal., Nov. 26.—Eddie O'Donnell, the racing driver who was terribly injured yesterday at the Los Angeles speedway when Gaston Chevrolet, famous driver, was killed instantly and Lyle Jolles, a mechanic, was fatally hurt in a collision, died at 7:30 o'clock this morning at the California hospital here.

Speedway, Los Angeles, Nov. 26.—Gaston Chevrolet, famous racing driver, and Lyle Jolles, mechanic for Eddie O'Donnell, were killed today when Chevrolet's and O'Donnell's machines crashed together on the Los Angeles Speedway at the east end of the grandstand near the close of the 250 mile race.

O'Donnell was so seriously injured that it was at first reported he was killed. His skull was fractured and both arms broken and little hope was held that he would recover.

John Brenahan, Chevrolet's mechanic, was seriously injured.

Roscoe Sarles, driving the distance without a stop, won the 250 mile race. Eddie Miller finished second and Eddie Hearne third. Sarles led on every lap and in addition to first prize of \$10,000 took the same amount in lap money. Miller and Hearne won \$6000 and \$3000 respectively. Jimmy Murphy finished fourth, taking \$2000 in prizes and Joe Thomas was fifth.

Sarles' time was 2:25:20, an average of 103.2 miles an hour. Miller's time was 2:26:14, and Hearnes 2:27:27.

Chevrolet, it developed, won the national championship for 1920 on a point basis, Roscoe Sarles, winner of today's race, being far behind. Gaston Chevrolet, killed just before the end of the race, was the youngest of three racing brothers. He was a mechanic for two years before he demonstrated that he was a driver of merit at the 500-mile Memorial day race at Cincinnati, where he finished third.

After that Chevrolet drove as an "outlaw" with several other prominent drivers, but was reinstated in the ranks of the American Automobile Association Pilots. In 1919 he raced on many dirt tracks winning many of the events.

On May 31 last he won the 500-mile Indianapolis speedway race in the second best time in the history of that annual event. He averaged a speed of 88.16 miles an hour.

MORE THAN 20 HURT WHEN BIG FOUR TRAIN CRASHES INTO FREIGHT

Dozen Trainmen and Passengers In Hospital As Result Of Wreck Near West Liberty Late Thursday—One May Die

Bellefontaine, O., Nov. 26.—A dozen trainmen and passengers are in the hospital here today as a result of Big Four passenger train No. 10, northbound from Cincinnati to Toledo and Detroit, running into an open switch at West Liberty, near here and smashing into the locomotive of a southbound freight train of a siding late yesterday.

About two dozen passengers and trainmen were hurt. Most of the injuries were minor. C. P. Collins of Bellefontaine, engineer on the ill fated passenger train, may die.

Those in the hospital here are: Engineer Collins and George Gerard, fireman on the passenger train, both badly scalded; Al Drake and A. F. Schultz, both of Sharonville, engineer and fireman, respectively on the freight, scalded; Earl T. Way, Detroit, bruised and shocked; Beatrice Duke, Brooklyn, N. Y., shocked and wrist sprained; Mr. and Mrs. D. L. Flint, and daughters, Lona and Martha of Sandusky, shocked and bruised; Sam Miller, West Chester Street, Cleveland, suffering from shock; James Gallagher, Cincinnati, baggage man on passenger, bruised.

The other injured persons were taken to their homes on a special train made up here.

Collins and Gerard were the most seriously hurt. The condition of the other injured persons, aside from Drake and Schultz, in the local hospital are not deemed serious.

A wreck crew made up of trainmen from Bellefontaine and Springfield are clearing up the wreckage.

It is claimed that a brakeman on the freight train whose name is given as H. Johnson, opened the switch to let his train out onto the main track, evidently forgetting that his train had taken siding to let the passenger go by.

After plowing over the engine of the freight train, the express car and combination car and smoker on the passenger train fell over on their sides. The other coaches held to the track.

It is claimed that the passenger train was traveling at a good rate of speed when the collision occurred.

CITIZENS OF COLON APPEAL TO HARDING AGAINST U. S. RULE

Panama, Nov. 26.—The citizens of Colon have addressed an open letter to President-elect Harding protesting against the American administration at Zone officials destroy our sovereign propriations of Panama territory and civic rights.

"Little by little the American Canal Zone officials destroy our sovereignty, disenfranchising our rights," the letter declared.

The Colon protestants expressed the fear that Panama might become like Haiti.

Senator Harding took no official cognizance of the letter, but made his position clear in a speech when he said:

"There is going to be such an up-dating between President Porras and myself that there will never be any thought of friction between Panama and the United States."

BEGIN PROBE INTO SENSATIONAL CHARGE AGAINST BOARD

New York, Nov. 26.—The Walsh congressional committee investigating the United States Shipping Board began today to probe the sensational charge made last week by Tucker K. Sands, former Washington banker, that a \$40,000 bribe had been offered by the Wallace Downey Shipbuilding corporation to four men, including R. Wilmer Bolling, brother-in-law of President Wilson.

Edward S. Malmar, cashier of the Corn Exchange bank of New York, who was the first witness told the committee that two notes, one for \$10,300 and another for \$10,600, signed by Wallace Downey, had passed through the Corn Exchange Bank.

The witness was not asked to whom these notes were made payable, but he was requested to furnish data showing loans made by the Corn Exchange Bank to the Downey Shipbuilding corporation from March 1, 1917 to March 1, 1919. He also was asked to supply the committee with records showing the monthly status of the Downey account.

Sands charged that the alleged \$40,000 bribe "to get a fat shipbuilding contract" was offered to him, Bolling and Lester Sissler, former secretary of the shipping board.

PRINCIPLES IN GREATEST MAIL TRAIN ROBBERY IN HISTORY OF U. S.

A band of mere boys, the leader only seventeen, planned and carried through a mail robbery which, according to detectives, was the biggest affair of its kind in the history of the country. Bonds and money to the estimated value of \$3,500,000 were stolen from the Burlington Fast Mail Train No. 8 at Council Bluffs, Neb., on the night of November 13. The train was bound for Chicago with many millions in currency and bonds for Eastern banks. One of the band, according to the police, entered the mail car in the center of the train and threw ten sacks of registered mail to the tracks, where it was picked up by other members of the band in an automobile. Five men and one woman have been placed under arrest in connection with the robbery. Two of them according to police have confessed. Much of the loot has been recovered. Fred Poffenberger, twenty, who is being held, told the police that he had burned \$800,000 worth of bonds in the kitchen stove. Others arrested are Merle Phillips, H. A. Reed, Orville Phillips and T. A. Daley, in whose home, according to the police, the robbery was planned. Daley's wife is being held pending the outcome of the investigation. Mrs. Daley is under surveillance because of her attempts to shield Daley and H. A. Reed, alleged ringleader in the plot. Bills of \$10 denomination, in bundles of \$1,000 enough to fill a regulation mail sack, were found in the Daley chicken coop.

ACTING PRESIDENT OF IRISH REPUBLIC PLACED UNDER ARREST BY BLACK AND TAN POLICEMEN

Arthur Griffith, Founder of the Sinn Fein, and Others Arrested Friday—Violence Still Stalks Throughout Country—British Decide Not to Declare Martial Law at Present, in Spite of News of Further Disorders from Ireland.

Dublin, Nov. 26.—Arthur Griffith, M. P., founder of the Sinn Fein and acting president of the Irish republic in the absence of E. DeValera in the United States, was arrested today by black and tan police.

Prof. McNeil, another prominent Sinn Fein leader, and others were arrested at the same time.

London, Nov. 26.—Although violence in all its forms still stalks through Ireland, the British government has decided not to impose martial law at this time. That the advisability of imposing martial law on Ireland has been under consideration by the cabinet since Sunday was revealed today. Premier Lloyd George stated that it was "undesirable" to attempt to enforce martial law at present.

News of fresh disorders were received during the day.

MOVE TO INFLUENCE U. S. TO BECOME MEMBER OF LEAGUE OF NATIONS REVEALED

Acceptance Of Root's Plan For an International Court Of Justice Resulted From Hope That America Would Enter Pact.

Geneva, Nov. 26.—A move to influence the United States towards entrance into the league of nations was revealed here today. The official record of the meetings of the International court committee, held in connection with the league of nations assembly meeting shows that the acceptance of Elihu Root's plan for an international court of justice and arbitration resulted largely from the hope that this action would bring about America's entry into the league.

Mr. Root's plan, which follows the general outline of the Hague tribunal, was outlined at the recent meeting of international jurists at the Hague. When it was called up for debate before the international court committee Leon Bourgeois, of France, Dr. Hagerdorp, of Norway, and others, urged its acceptance without amendments. They pointed out that Mr. Root probably would have much influence in the United States as a result of the Republican victory. The council of the league of nations has voted for the creation of a permanent mandate commission to be composed of four mandatory and five non-mandatory states.

NEW SELLING PRICES ON STEEL ADOPTED

Pittsburg, Pa., Nov. 26.—The Jones and Laughlin Steel Company, the largest independent in America, today adopted new selling prices on certain finished steel products and will name adjustments on others.

The new prices which are effective immediately follow:

Bars \$2.25; structural shapes \$2.45; plates \$2.65; base Pittsburgh. Prices for wire and cold rolled steel will be adjusted at once, it is announced.

This reduction is the first to be made by any of the independents in the Pittsburgh district and for the commodities named, is down to what is known as the industrial board prices established March 21, 1919.

The Jones and Laughlin company has not during the past year been asking top prices which many other independents have been receiving.

The reason announced by the company for the reduction of prices is the law of supply and demand. It is also announced that there will be no wage reduction at the present time.

SHRINE GOES TO SAVANNAH Savannah, Nov. 26.—The 1921 convention of the Shrine will be held in Savannah. The convention may be held in May.

TRAIN DERAILED NEAR TORONTO; SEVEN KILLED

Worst Wreck In That Section For Years Takes Big Toll.

SCORE ARE INJURED

Cause Of Smash-up Not Known—Believe Train Sideswiped.

Toronto, Nov. 26.—At least four persons, possibly seven, are dead and a score injured as a result of one of the worst wrecks this section has witnessed in years. Grand Trunk night express No. 16, bound from Montreal for this city was derailed near York, a few miles from Toronto.

While the wreck occurred last night, the rescue work did not get under way until today, and the salvagers still are confronted with great difficulties for the crash reduced part of the train to splinters. Beneath the mass of debris bodies are buried, but no one knew as yet exactly how many. Two have been extricated and two are sighted. The rescue workers centered their efforts upon saving the injured, many of whom were pinned under steel and shrieked pitifully for help.

The bodies removed from the wreckage so far are those of Nathan Brown, a Pullman porter and an unidentified man of about 30.

A corps of doctors and nurses from Toronto and nearby places were rushed to the scene and are still working feverishly. Four injured taken to one hospital are: William E. Gregg, Milwaukee, Wis.; George Harrow, Listonwell, Ont.; Alfred Snyder, St. Jacobs, Ont.; an unidentified man still unconscious.

Pinned Underneath.

One body known to be still pinned under the wreckage is that of a woman.

Seven of the express train's cars were completely hurled off the track. Three were day coaches, three Pullman sleepers and one a baggage car.

The Pullman in which most of the victims were was the "Makura."

The groans of the injured and dring rang through the stillness of the night causing great excitement for miles about where the crash also had been heard. The scene of the wreck being considerably out of the way, much of the rescue work had to be done under primitive conditions. Lanterns gave the workers the only light until day broke. Extreme caution had to be exercised in extricating the wounded, for a false move might have meant death instead of rescue.

The versions of the cause of the wreck are many. The most reliable appears to be that a freight car on an adjoining track sideswiped the passenger coaches when the express train passed at a terrific speed. Then, it is said, before danger signals could be set, a west bound freight train plowed into the coaches that had been toppled over onto the freight track.

SHOOTING BRAWL IN WEST VIRGINIA RESULTS FATALY

One Dead, Five Injured As Man Opens On Party With Gun.

Parkersburg, W. Va., Nov. 26.—Charles McDonald, 21, is dead; Mrs. George Price and Maggie Wigal are probably fatally wounded and George Price and Rachel McDonald are suffering from flesh wounds as a result of a clash between George Price, of Parkersburg, and the other members of the party, who reside at Vienna, near here, on Thanksgiving day.

The tragedy was the outgrowth of a suit recently filed against the McDonalds by Price for alleged alienation of his wife's affections. Mrs. Price had recently gone to live with Charles and Rachel McDonald, her brother and sister at Vienna.

The victims of the tragedy were returning from a Thanksgiving hunt when accosted on the railroad track near Vienna by Price. Following an altercation between McDonald and Price, the latter drew an automatic revolver and began promiscuous shooting. After wounding all members of the party, Price walked to a nearby creek and turned the revolver on himself, the bullet being deflected from his heart by a rib. McDonald, brother-in-law of Price, died within a few moments and other members of the party were brought to this city for treatment by a Baltimore & Ohio passenger train passing the scene a short time after the shooting.

Suffering from numerous abdominal wounds, Mrs. Price and Miss Wigal are not expected to survive necessary operations. Price is being held under guard at a local hospital, pending recovery from his self-inflicted wounds.

WILL INVESTIGATE CAUSE OF FIRE

East Liverpool, O., Nov. 26.—An investigation to determine whether incendiarism was responsible for a fire which completely destroyed the General Pulverizing Company's two story plant here, causing a loss of \$40,000 began today.

According to information given the police, a man was seen running from the building a few minutes before the fire was discovered.

RED BLOCKADE OPPOSED. Paris, November 26.—Suppression of the blockade of Russia is favored by Premier Legeries, he told the Committee on Foreign Relations of the Chamber of Deputies. Inasmuch as the Soviet Government is actually in operation, he declared, it had been decided to permit French manufacturers to do all the business they can with Russia.

BEAUTY CHATS

AVOIDING GRAY HAIR

London, Oct. 22, 1920.

As I said yesterday, I was very much surprised at the absence of gray hair among English women. I was told, of course, that the climate had something to do with it, and I can readily believe this, because I remember how little gray hair there is among the women of Norway and Sweden, and how surprised I was at that when I visited those countries some years ago.

De, at home are getting more and more clever in learning methods of overcoming gray hair, but we know surprisingly little about it. It has been only recently that it became generally known that nervousness caused premature grayness. This would account for the many cases I come in contact with at home where girls under 25 are beginning to turn gray.

But there is one drug which is splendid for cases of grayness. This is Pilocarpine. It acts directly upon the color cells at the root of the hair, stimulating them to greater activity, and therefore in some cases bringing the color back to hair already gray, and in other cases making the color of the hair richer and putting off that undesirable time when the hair will begin to turn.

I was determined to get a tonic containing this Pilocarpine which would not be too elaborate, so that

my readers could have it filled for their own personal use. And here it is:

Pilocarpine hydrochlorate, 2 grains
Precipitated sulphur, 30 grains
Creosol lily, 30 drops
Castor oil, 10 drops
Alcohol (95 per cent), 4 ounces
Tr. cantharides, 4 drams
Farina ologno, 4 drams

Rose water, to make 8 oz.
This is to be mixed, and rubbed well into the scalp three times a week. Indie Racer—If you sincerely wish to reduce, you really should not mind a little ridicule at the start. Indeed, if you join the gymnasium class you are quite apt to meet lots of other girls who are also exercising to reduce, so there will be no ridicule to contend with. The exercises you are now doing, and the walking, will help. But remember that you are 40 pounds overweight and that you are 15 years old and therefore must contend with a large and youthful appetite. Frankly, I would advise you to eliminate most of the fattening foods from your diet; if you do not know what these are, send a letter with a self-addressed stamped envelope, and a list of them will be mailed to you.

A Worried Reader—Massage around the eyes with olive oil or a cold cream containing vegetable oil. Follow the massage by an ice rub. This is a splendid treatment for these little crows' feet.

DESCRIBE RECOVERY OF MONEY IN TRAIN ROBBERY IN WEST

Council Bluffs, Ia., Nov. 25.—Six men and one woman held in connection with the robbery of a mail car of a Chicago, Burlington and Quincy Railroad train here the night of Nov. 13, were held to the Federal Grand Jury under heavy bond by a Federal Commissioner.

The only testimony given was that by Federal Marshals regarding sums recovered and confessions attributed to certain of the defendants.

The prisoners are Merl and Orville Phillips, brothers; Fred and Clyde Poffenberger, brothers; Mr. and Mrs. T. A. Daly and H. A. Reed.

Testimony of Fred Shoemaker, United States Marshal, relating to the disposition of the stolen bonds, was that Fred Poffenberger confessed that he and Phillips opened the sacks in the Poffenberger home and burned the bonds.

Sumner Knox, United States Marshal, testified regarding the recovery of money at the Daly home.

He testified that Reed led the officials to the Daly place and to a fence where a roll of ten-dollar bills was recovered. Another roll of bills was found in a fruit par partly filled on top with coffee grounds. In the barn a roll of money was found in a tobacco can.

Knox also testified to the effect that Mrs. Daly showed the officers where a roll of money was hidden in a jar of lard.

Farm Tractor

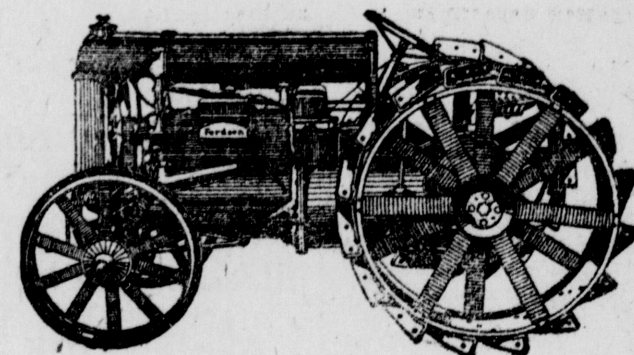

When Henry Ford set about building the Fordson tractor, he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. And for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a school boy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant and it will lighten your work.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

TAX COMMISSION ORDERS COUNTY RE-APPRAISEMENT

Columbus, O., Nov. 26.—The state tax commission today ordered re-appraisal of property preparatory to making up the 1921 tax duplicate in 61 counties, including Ashland, Belmont, Butler, Champaign, Columbus, Coshocton, Darke, Greene, Jefferson, Logan, Marion, Miami, Montgomery, Washington and Wayne counties.

Properties are to be reappraised in all cities, villages and townships of the counties affected by the order. The work will be done under the direction of the various county auditors. Although the county auditors are being informed today of the commission's order, work is not to start until the commission determines upon a number of details, including the number of taxation experts, deputies, clerks and other employees which the county auditors will be permitted to employ. The commission also will fix the amount of compensation to

WILBERFORCE DEFEATED BY CLOSE SCORE
Wilberforce University football team was defeated by West Virginia Institute in a hard game at Wilberforce Thanksgiving afternoon, by the score of 13-7.

The game was the hardest fought of the season and was the first defeat administered to the Wilberforce footballers during this season.

Miss Elizabeth Davis, who has been seriously ill for about two weeks, is reported as improving rapidly.

ENTERTAINS CLUB ON THANKSGIVING

Mr. and Mrs. Charles Richards entertained the D. D. Club, Thanksgiving evening at their home on High street. A two course supper was served the guests who numbered about 25. Miss Stella Welsh and her brother, Preston Welsh of Dayton, were the only out of town guests. The evening was spent enjoyably in dancing, cards and music.

RETURN HOME WEDNESDAY FROM HONEYMOON

Mr. and Mrs. L. C. Tingley, nee Sarah Schachne, whose marriage took place at the Westminster Presbyterian church in Dayton last week, arrived home from their honeymoon trip Wednesday evening and spent Thanksgiving Day with Mrs. Tingley's parents, Mr. and Mrs. Abram Schachne of Dayton.

Mr. and Mrs. Tingley spent their honeymoon in Chicago, Muskegon, Michigan, and in Fort Wayne, Ind., in the latter city visiting Mrs. Tingley's brother-in-law and sister, Mr. and Mrs. Albert Lauzon. Mr. and Mrs. Tingley will be at home in apartments they have taken with Mr. and Mrs. J. Kenneth Williamson on West Church street.

ELKS GIVE DANCE ON THANKSGIVING

As a seventy-five couples enjoyed the Thanksgiving dance, given by the Elks at their home on Second and Whiteman Street, Thursday night. The hall was gaily decorated in the Elks' colors of purple and white and the music was furnished by Shepherd's orchestra. Cards were also enjoyed by the guests.

WEDDING SOLMENIZED THURSDAY EVENING

The marriage of Miss Bessie Caldwell and Mr. Laurence Fry took place Thursday evening at 7 o'clock at the parsonage of the First Reformed church, the Rev. E. W. Middleton, officiating.

The bride wore a suit of dark blue with a black hat. The couple was attended by the bridegroom's sister, Miss Alma Fry and James Blackburn, of this city. Mr. and Mrs. Fry will not take a wedding trip but will make their home with Mr. Fry's parents, Mr. and Mrs. J. O. Fry, of North West street.

SPEAKS AT FRIENDS CHURCH ON FRIDAY

Nathan D. Andrews of North Carolina will address a meeting at the Friends Church Friday evening. He is a member of the Foreign Mission Board of that Church and his address will give valuable information on that subject.

ENGAGEMENT IS ANNOUNCED

Mr. and Mrs. John G. Hornick are announcing the engagement of their daughter, Ethel Anna Marie to Lee Thomas Baughn.

REUNION HELD THANKSGIVING DAY

An enjoyable reunion was held Thanksgiving Day at the home of Mr. and Mrs. M. H. Trout of the Hawkins road, in honor of Mr. and Mrs. G. W. Ketter and son, Kernal, of Detroit, Mich.

The Trout home was decorated in yellow and white chrysanthemums, and dinner was served to the following guests: Mrs. Hannah Wolfe, Mr. and Mrs. Roy Wolfe, Mr. and Mrs. Charles Wolfe, Mr. and Mrs. Alonzo Wolfe, and daughters, the Misses Bertha and Grace Wolfe of Dayton; Mr. and Mrs. J. A. Wolfe, Mr. and Mrs. John Shue of Dayton; Mr. and Mrs. Delmer Hamer and family, Mr. and Mrs. Gustaf Ashbaugh, Mr. and Mrs. Daniel Wolfe and family, Mr. and Mrs. J. O. OHIO STATE DAY OBSERVED IN XENIA

Graduates and former students as well as present students of Ohio State University will celebrate Ohio State Day, an annual affair at a banquet at the Chamber of Commerce at eight o'clock Friday evening.

Prof. Herold, of the Department of Economics of the State University will be the speaker following the banquet. Ohio State Day is annually celebrated by former State students all over the country, on the day following Thanksgiving. It is expected that a large number of the former State students in Greene County will attend the affair.

ANDERSON COLLINS DIES ON THURSDAY

Anderson Collins, 69, died at his home near Cedarville, on the Yellow Springs pike, Thursday. He had been ill only since last Friday, death being due to double pneumonia.

Mr. Collins, is survived by his wife, Ada McMillan Anderson, a brother, Hale Anderson of California, and a sister, Mrs. Hugh Turner of Oklahoma, and a sister, Mrs. Hugh Turner, of Oklahoma. He was a member of the Reformed Presbyterian Church of Cedarville.

Funeral services will be held at the home Saturday afternoon at 1:30 o'clock and burial will be made in Woodland Cemetery.

FORMIDABLE LINEUP OF FORMER FOOTBALL STARS ANNOUNCED

Such an array of football talent as was never before seen coveting on a local gridiron, will take part in the football classic of the year, Saturday, when married men meet single men on the Dadds gridiron.

The game will start at 2:30 o'clock and all participants will be men who won their letters in football at Central High some time in the past. The game will be handled by Coach Ward Young as referee. Coach Moeller of the Maroons, umpire, and while the rest of the officials have not yet been picked, it is assured that N. Hayes Hamilton, former athletic manager at the school will be one of the other officials, needed.

The married men are announcing a list of former stars in their lineup, that is supposed to strike terror to the hearts of the bachelors. In the lineup of the benedicts will be J. Elmer Kelly, Dr. Wilbur Zell, James D. Adair, F. W. Chew, Dr. C. H. Denner, Hugh Barnes, Harry "Atlas" Smith, William Fisher, Lynn Wilson, Karl Kneisley, James Savage, J. Perry Shumaker, Harold Confer, George McClellan, John Baldwin, Paul Fuller, George Geyer, Mowdy Barnett, Berpand Hollencamp, Lewis Gregg and J. Walker Gibney, with the possibility of others.

The single men will meet at Hutmeyer's billiard hall for practice Friday night at seven o'clock, and every one who ever won a letter at the local school, and has up to this time dodged matrimony, is expected to be present. Among those who will play with the bachelors are Philip Buck, Ancil "Yank" Stephens, Henry Barnett, Karl Buck, Raymond and Clarence Horen, Bert Whittinton, Arthur Bales, Lawrence Currie, Heber Tullis, Raymond Snodgrass, Cliff Hoag, Durward Derrick, Elmer Owens, John Guilday, James Cowden, Frank Hutmeyer, Gail Vannorsdall, Raymond A. Higgins, and others.

The game is to be staged for the benefit of the Central High School athletic association and the patronage of all football fans is solicited. Over and above the charitable side of the game, the former football stars are hoping to have the time of their lives in one more gridiron clash.

PREMIER OF FRANCE AND LLOYD GEORGE CONFER ON NEAR EAST

London, Nov. 26.—Premier Lyautes of France, who arrived from Paris last night to discuss near east problems with Premier Lloyd George had his first meeting with the British premier today. An Athens dispatch to the Daily Express quoted Premier Rallis as saying that his government is anxious to cooperate with the allies for the pacification of the east.

The French cruiser Lorraine has been dispatched to Piraeus, the port of Athens to protect French interests in Greece.

PAINFULLY INJURED IN FALL FROM WAGON

Robert L. Mouser, 69, Dayton Avenue, was painfully injured when he fell from a load of cement which he was hauling on Dayton Avenue near the Baltimore & Ohio railroad crossing at 10:45 o'clock Friday morning.

Mouser, who is a teamster, was hauling cement for the Loyd Contracting Company, which is constructing the brick pavement on Dayton Avenue. The wagon was heavily loaded with cement on the top of which he was riding, when the wheel struck a rut throwing the man off to the ground.

His shoulder struck the ground and was painfully bruised. When he was carried into the office of the Xenia Coal Company, near by, it was thought he was more seriously injured. Dr. A. D. DeHaven, who was called, dressed his injuries and took the injured man to his home on Dayton Avenue.

It is believed there were no broken bones and that the effects of the fall will not be serious.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York assembly of women that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

RETURNS TO HOME 'THANKSGIVING

Miss Bertha Treblin, who has been the guest for some weeks of Dr. J. L. Phythian and family of Newport, Ky., during the recent illness and death of Mrs. Phythian, returned to her home here Thanksgiving Day. Mrs. Phythian was formerly Miss Mary Ankeney, daughter of Mr. and Mrs. Mrs. Albert Ankeney and well known among a wide circle of friends and relatives in this county. Dr. Phythian and Miss Margaret Phythian accompanied Miss Treblin to Xenia and with Miss Treblin were Thanksgiving Day guests of Mr. and Mrs. P. H. Flynn and family.

RUSSIAN ATTACK IN THE CAUCASUS NOW IS THREATENED

"Red" Forces Ordered To Take Up Positions On Frontier of India.

London, Nov. 26.—Russian red forces have been ordered to take up positions on their frontiers of India and Afghanistan, said a Central News dispatch from Helsingfors today, quoting a report received there from Moscow. The telegram added: "George Tchetcherin, people's commissar for foreign affairs, has sent a note to the government of the new state of Georgia, giving warning that soviet Russia intends to attack in the Caucasus."

ALUMNI WIN OVER HIGH SCHOOL TEAM

Central High School football team, a vestige of its former self, sang its swan-song on Dadds gridiron Thursday morning, when the team was defeated by alumni footballers by the score of 33-0.

Gathered together in the line-up of the old grads were many famous stars of former years, and some who have since won success in the grid game in college. They presented an entirely too heavy, experienced and formidable array for the light blue and white outfit, and the 1926 was outclassed in all departments.

The muddy field and bleak day added to the difficulty of staging real football, and to the discouragement of watching the contest. Although never practicing together for the event, the alumni scored almost at will and the victory was won by the largest score that the alumni has defeated the varsity eleven of the school for a number of years.

LONE BANDIT ROBS COUPLE—ARRESTED

Youngstown, O., Nov. 26.—A lone bandit, his face covered with a bandanna handkerchief, covered Mr. and Mrs. George W. Cherry with a revolver and robbed them of \$70 as they were about to enter their home at midnight. An hour later police arrested Denis Ryan, 25, a railroad worker, on a suspicion charge. He was positively identified by Cherry as the thug. A bandanna handkerchief and a 38-calibre revolver were found on him.

GLAD SHE TOOK DRECO FOR STOMACH TROUBLE IS GONE

Dayton lady had tried many remedies for constipation, headaches, stomach troubles, but none helped as Dreco has.

"I tried one bottle of Dreco and it did me so much good I got the second one and now I am buying the third and I am feeling a whole lot better," said Mrs. Julia Bader, of 321 W. Hartford St., Dayton, Ohio.

"I have suffered for years with a bad stomach trouble, all my food seemed to ferment and fill me with gas, and caused awful pains. It felt like I was choking sometimes and I could not swallow it down nor spit it out. Constipation was a continual source of annoyance, and I often had splitting headaches, which nothing would relieve. My nerves were shattered and my sleep badly broken, for I would roll and toss all night long and when morning came would be exhausted."

LECTURE PROCEEDS TO GO TO ATHLETIC FUND OF SCHOOL

The advance seat sale of tickets for the Hamilton Travelogue, to be given by R. Hayes Hamilton, alumnus of Central High school for the benefit of the high school athletic fund, at the Opera House Friday night, indicates a crowded house for the performance.

School children have been busy disposing of the tickets and are selling the pasteboards right up to the last minute. Tickets will also be on sale at the box office before the performance starts at 8:15.

Mr. Hamilton, who has gained national fame through his travelogue lectures, is donating his services in behalf of the athletic association, and in order to make the program popular is offering an All American Travelogue entitled "From the Pacific to the Potomac" combining ten separate lectures.

Among the places to be depicted by motion pictures and slides in conjunction with which Mr. Hamilton will lecture, will be, "Washington, the Nation's Capitol by Night Photo," "The Potomac River and Virginia," "The Picturesque Hudson," "The Adirondack Mountains Saranac Lake Winter Sports," "The United Winter Carnival at Lake Placid, New York," "Glacier National Park, the 'Switzerland of America,'" "Salt Lake City, the Home of the Mormons," "California Missions and the Mission Play," "The Yellow Stone National Park."

Mr. Hamilton graduated from Central High and was president of the class of 1911, and he was also manager of athletics for three years, 1909, 1910 and 1911 and a member of the Athletic Field Committee, and he has a special interest in the success of high school athletics here which prompted him to donate his services for the financial benefit of the association.

ADDRESS FEATURES TEACHERS' MEETING

East Liverpool, O., Nov. 26.—An address, "The final problem of education" by Dr. J. W. Hoffman, president of Ohio Wesleyan University, Delaware, featured the opening session here today of the fiftieth annual convention of the eastern Ohio teachers association.

At noon approximately 500 teachers had arrived in the city. Probably 1,000 will be registered before the convention closes Saturday.

HOGS PAY BIG MONEY

Mr. Pete Wing of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 2 1-2 pounds daily, and were only 7 months 10 days old, when sold."

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer on a satisfaction or money back offer.

PRESIDENT-ELECT HARDING WILL CONSULT THE WISEST STATESMEN OF THE COUNTRY.

Fresh from a conference with Henry Cabot Lodge at the Senate leader's home, Harry M. Daugherty, Warren G. Harding's pre-convention campaign manager, discussed in detail the President-elect's plans for pre-inauguration conferences at Marion. It will come as a surprise to the country that Democrats as well as Republicans have been invited to participate in them. Mr. Daugherty named Senators Pomerene, of Ohio; Reed, of Missouri, and Shields of Tennessee, as representatives of the enemy camp who have been asked to visit the celebrated front porch. Messrs. Reed and Shields are out-and-out anti-leaguers, Senator Pomerene voted for ratification with the Lodge reservations.

The ten Republicans whom the President-elect has summoned for consultation, Mr. Daugherty said, are: Elihu Root, Henry Cabot Lodge, Philander C. Knox, William Howard Taft, William E. Borah, Hiram W. Johnson, Irvine L. Lenroot, Arthur Capper, Charles E. Hughes, Miles Poindexter.

There is no plan to have Mr. Harding's distinguished callers descend upon him en masse. "They'll just drift in when mutually convenient," Mr. Daugherty said. "Two or three of them may happen to be there at the same time, but that'll be purely by accident."

"What is the President-elect mainly going to discuss with his conferees?" Mr. Daugherty was asked.

"Any and everything to get the United States back as soon as possible to normal bedrock," he said. "That will include, of course, a legislative program and the most feasible way of tackling the questions to the League of Nations controversy. The President-elect is seeking guidance and counsel. He wants to acquaint himself with diverse points of view on all matters of current and vital interest. The names I have supplied indicate there is to be nothing one-sided about the advice that will be tendered him."

We are sure that this will be taken by the public as the evidence that Mr. Harding's administration is not going to be a ONE MAN affair, and this is good news. We have had enough one man government to last a long time, and are abundantly ready for a change. "As many men, so many minds."

It was not by accident that Warren G. Harding became a United States Senator, but by merit; and we believe he is going to make us a wise President. One evidence of his being a good man—an unflinching criterion—is that his home folks, those who know him best, believe in him. You can't get around that in any case.

HOW AN ELECTION AUTOMATICALLY WORKED A GREAT MIRACLE.

The melancholy days are come, the saddest of the year in Washington, where a house subcommittee already is assembling to frame the appropriation bills for the coming session of congress. The Legislative, executive and judicial appropriation bill, which carries the District of Columbia payroll, will be first up, according to Representative Wood, the committee chairman, and he announces thirty thousand employees in the district—superfluous employees he calls them with some bluntness—will not find their names inscribed in the new bill.

Persons not familiar with the great science of government may ask themselves how it is these thirty thousand employees have now become superfluous and thus suddenly are found non-essential to the conduct of government. If they are superfluous now why were they not superfluous before?

It is, indeed, surprising how ignorant the public is about high matters of state. These thirty thousand employees were made superfluous by the result of the election. Before the election they were absolutely essential to the proper functioning of government, and if the result of the election had been to continue the present administration in power they would have continued to be essential. That is the explanation, reduced to simple terms which persons unacquainted with the technical vocabulary of scientific statecraft can understand. Elections do things like that under our system. They work miracles of state, so to call them, that boards of efficiency, congressional investigations, economy recommendations and all other agencies almost always fail to accomplish. No leverage known to the mechanics of government could have pried those thirty thousand names off the District of Columbia payroll except an election adverse to the administration. But that did the work automatically.

Probably we are to witness more miracles of the same kind and attributable to the same cause. A good many things held by the present administration to be essential to the operation of the government will turn out to be superfluous, it is suspected.

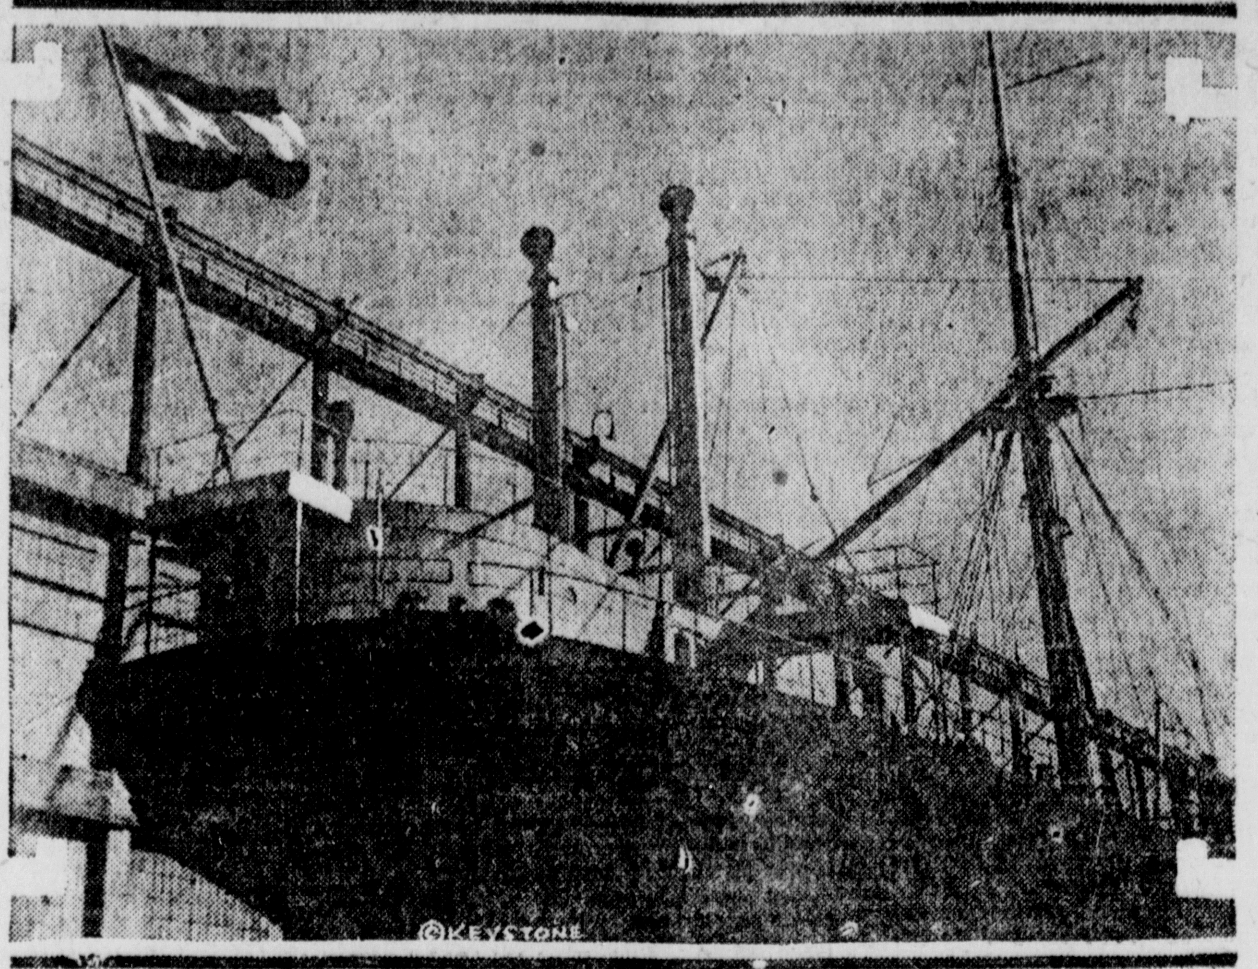

Rippling Rhymes

Walt Mason

AFTER THE FUSS.

The welkin's ceased to rattle, and calm is everywhere, and now the smoke of battle no more obscures the air; spellbinders have departed; the losers, heavy-hearted, now look for holes uncharted, where each may have his lair. And now let's be forgetting our woozy campaign ways, and do some honest sweating, as in the olden days; there's wood that calls for hewing, and hops require our brewing; oh, let us be pursuing sane tasks, like useful jays. The statesmen we've elected, I'm sure, will not be lax, and they may be expected to get right down to tacks; but they can't make the nation work out its own salvation unless the population will buckle down like wax. When at the polls I noted (I watched you, eagle-eyed!) how all you fellows voted with high and wholesome pride; and now perhaps you figure that, having thus shown vigor, it's yours to sit and snigger and let the whole works slide. This nation can't be lifted to levels fine and high by all the statesmen gifted who eat the public pie, unless Tom, Dick and Harry their divers loads will carry, and work, and cease to tarry where all the loafers sigh.

FIRST GERMAN MERCHANTMAN SINCE WAR REACHES U. S.

The German ship, "Sophie Rickmer," at the pier in Brooklyn.

The first German merchantman sent to the U. S. since the end of the World war, docked at a Brooklyn pier recently. Ex-service men from the German forces formed the greater portion of her crew. American ex-service men on shore became incensed at the display of the German flag over the boat. It was hauled down at sunset and not hoisted again.

FORCED TO GIVE UP HER POSITION

Was Victim of Nervous Indigestion For Many Months Before Taking Tanlac.

"If I should be asked to name the best medicine in the world," said Miss Hattie Wellmann, 2505 Micklen avenue, Cincinnati, O., "I would not hesitate to say Tanlac, for it has not only relieved me of a case of nervous indigestion that kept me in misery for a year or more, but has built me up from one hundred and thirty two pounds to one hundred and fifty two."

"I suffered such awful pains from indigestion and often became so nervous that I would just lie down and cry. I could not get any sound sleep at all, and no one will ever know how terribly I suffered. I was under treatment all that time, but got no relief until a friend of mine got me to try Tanlac, and after taking it about two months I had realized a complete recovery. Before taking Tanlac I was compelled to give up my position down town. Now I am feeling just fine, eat anything I want with never a touch of indigestion and sleep like a child every night. To say I am thankful to my friend who got me to try Tanlac and to the people who made it, for the return of my health is putting it entirely too mild. I am more grateful than words can tell and earnestly recommend Tanlac to anyone suffering as I did."

Tanlac is sold in Xenia by Sayre & Hemphill and all other druggists.

PROPAGANDA WON GREEK ELECTION

New York, Nov. 25.—The Greek election was won by the Constantine royalists over the forces of Eleutherios Venizelos, due to propaganda financed by the widow of William B. Leeds who recently married Prince Christopher of Greece, according to C. Vasadakis, ex-consul in New York. The name of Mrs. Leeds was hissed.

A meeting of Venizelist adherents at a Greek church here almost broke up in a riot when Demetrius Theophilatos, head of the Greek royalists in America, was found to be present. Policemen rescued the royalist who was spat upon and doused with water.

A resolution was adopted asserting that the Greeks of America protest that the "restoration of Constantine would be against the vital interests of the nation."

Eruptions of the Skin Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce. Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed. S.E.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin. WITTENBERG DEFEATS DENISON 7-0; DOPE IS SPILLED ON OTHER DAY'S RESULTS

With less than three minutes left to play, Captain "Wib" Etter, Wittenberg's chief bid for the mythical All-Ohio team, playing his last game for the Lutherans, scored a touchdown that not only defeated Denison 7-0 but won for Wittenberg the southern division honors of the Ohio Conference, and tied them with Wooster, winner of the northern division for the state championship.

Previous to scoring, Etter paved the way for the touchdown with a 24 yard run, and previous to that time, to be exact, early in the first quarter, he skirted end for a long gain and a touchdown, the points not being counted however, due to a penalty. It was mainly due to Etter's efforts, that the Lutherans outplayed the Baptists all through the set-to forcing the ball into Granville territory. Much credit is due to the heavy forwards, Trautwein, Case and Repp, for their excellent defensive play.

Following the game, Coach Livingston of Denison announced that that school would sever all athletic relations with Wittenberg due to "unsportsmanlike playing" on the part of the Lutherans. The three officials in charge of the game, Livingston's own selections, told Godfrey that they considered the game clean. The tie with Wooster for the state championship will never be played off, as Coach Boles of Wooster turned down an offer of Wittenberg to stage a post season game. Wittenberg has won six and Wooster seven conference games.

While, outside the Wittenberg-Denison clash there was little that depended on the Thanksgiving games, some of the best football seasons was uncovered and in many cases the dope hopelessly spilled. One of the big surprises was the defeat of Miami at the hands of Cincinnati, by a 7-0 score, it being the first time for nine years that Cincinnati has been victorious.

Coach "Greasy" Neal of Marietta proved that he has a real combination down at the little school when his team defeated West Virginia Wesleyan 6-0. Wooster, northern division conference champions, had quite a bit of trouble in subduing Mt. Union 7-3, which goes to prove that Wooster does not have the class that its conference standing indicates, and that a game with one of the strong southern division teams would change the conference standing undoubtedly.

Western Reserve won its first conference game of the season by defeating Case 2-0 in annual Turkey day battle between the two Cleveland schools. Little St. Xavier's down at Cincinnati champions of Ohio Catholic colleges handed the Haskel Indians a trimming by score of 21-7, while Centre College, the much famed wallopers Georgetown 103-0.

In professional circles, the Dayton Triangles had little trouble in defeating the Detroit Heralds, at Dayton Thursday 28-0. All the points were scored in the first half, and the Triangles threw in substitutes in the second session which was scoreless.

The Akron Indians won the undisputed world's football championship at Akron Thursday, by defeating Canton on a muddy field by the score of 7-0. It was the second defeat that the Rubber City aggregation had handed the Bull Dogs this season. Akron meets the Dayton Triangles in a return game at Dayton next Sunday.

Ohio State followers in this city were thrilled Friday morning with the announcement that State has accepted the invitation of Tournament of Roses committee of California for a game to be played at Pasadena, New Years Day, probably with the University of California. Practice will start December 4, according to Coach Wice and the Western Conference champions are enthusiastic over the trip.

GIRLS ORGANIZE BASKETBALL TEAM AT ANTIOCH

The Antioch College Girl's basketball team is organizing with anticipation of a biggest season for some time. The team will play its initial game with the Springfield Y. W. C. A. team at Kelly Hall, Antioch, December 18.

The sextette is composed of Lucille Corry, captain, and Edna Huston, first center, Margaret Kraut, forward, Charlotte Dawson, forward, Isabelle Cunningham, second center and Alene Muffler, guard.

Another team will represent Antioch College on the basketball court this winter, making three in all, the third team being the Antioch Academy outfit. The team will be composed of Merrill Dawson, captain and left forward, Chester Hughes, right forward, Edgar Little center, Jack Drake, left guard, Burns Weston, left guard and Clyde Dawson, manager and right guard. Fred Stephens and Edgar Huston will also be available as substitutes. The following schedule has been arranged for the Academy team:

November 26, Urbana at Urbana.
December 10, Stivers at Dayton.
January 14, St. Raphaels at Springfield.

January 22, Osborn at Yellow Springs.

January 29, St. Raphaels at at Yellow Springs.

February 12, St. Mary's High at Yellow Springs.

February 22, Urbana at Yellow Springs.

March 12, Bellbrook at Yellow Springs.

Ira Barre, member of the boosting quintet, is manager of that team. Marion Whitting is manager of the Girls' basketball team, Frank Chambliss, of Xenia, is baseball manager at the school, and Merrill Dawson is manager of the tennis team.

DISCOVER TRACE OF ATTEMPTED FORCING LOCK IN C. OF C. DESK

During the absence of Secretary L. C. Tingley, of the Chamber of Commerce, efforts were made to force a locked drawer in a desk in the office of the organization.

Whether the attempt was made at night or sometime during Saturday afternoon or Sunday, is not known, but because of the evident attempt at burglary the Chamber of Commerce will be locked up over Sunday from now on.

Owing to the rooms being left open it is thought that people who are non-members have been using the rooms without permission.

Which Are Much More Common Than Formerly

Anaemic conditions are much more common than generally supposed. If you are a target for disease, why not therefore, benefit by the experience of so many people in this city who have been restored to health, by Vinol, the cod liver and iron strength-reducer, blood and body-builder.

Vinol is not a patent medicine as all its ingredients are named on every package and it contains just the elements needed to enrich the blood enabling it to carry strength and vitality to every part of the body.

PROVISIONS GIVEN BY LOCAL CHURCHES AND SCHOOL PUPILS

Thirty baskets of food were disposed of by the Social Service League Thanksgiving Day.

Much of the food was the result of the canvass of the school children in all schools Wednesday. The canvass although unsolicited, resulted in the children giving a great quantity of useful donations that will be of great assistance to the League in its work. Mrs. Eber Reynolds, who is now directing the work, has expressed her appreciation of the activities of the children.

The League does not attempt to give baskets at Thanksgiving but makes up its baskets for the poor at Christmas time, but owing to the amount of perishable food received, the League filled 12 baskets. The Epworth League of the First M. E. church filled 15 more baskets and Trinity church three baskets, making 30 baskets in all that were disposed of by the League Thanksgiving Day.

PEPTO-MANGAN MAKES RED BLOOD

Sold by druggists in liquid and tablet form—both the same in medicinal quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly. If the condition is not a deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in bright eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.

SAYS HYPO-COD IS REAL TONIC

Picked up at least ten pounds. Has more real ambition and strength

"I had the 'flu' and it left me weak and rundown. I thought another remedy was doing me some good but the results were off and I began going back I had no appetite and was getting so poor. I was falling away every day when I saw Hypo-Cod advertised and got a bottle. It is great stuff that is all I got to say," wrote Mr. Bert Beckwith, Night Foreman for many years at the Drovers' Union Stock Yard Co., Columbus, O.

"Since I took this tonic I've gained an enormous appetite. I pick up at least ten pounds and have more real ambition and energy than I've had in many a day. I feel like I could do four men's work. Constipation doesn't bother me anymore and my kidneys are all O. K. now. My father is an old druggist and said it is a fine medicine and he surely is right. It's worth \$500 of any man's money," continued Mr. Beckwith.

Earle's Hypo-Cod certainly is an ideal tonic for a man who has been sick. It seems to put them back on their feet days and weeks sooner assert users. It is pleasant to taste too, and with the formula right on the bottle you know what you are taking. Drop in at the drug store tonight and ask your druggist about it.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.

VERY AGREEABLE SURPRISE CAME TO CARL WALTER

When the First Dose of Dr. Jackson's Digestive Powder Brought him Relief.

It was this speed and thoroughness which gave Mr. Walter such unexpected pleasure and he owed the same to the good advice of a friend. Here's the convincing story. "A friend recommended Dr. Jackson's Digestive and Liver Powder. I purchased a box and really expected it like everything else I had tried, but the first dose gave me relief. I am now starting on my second box and have not suffered since taking the first dose. Naturally I heartily recommend this medicine and am confident a few boxes would cure the worst cases of indigestion."

CARL WALTER, Frankfort, Ind.

Money back at Sayre & Hemphill's if Dr. Jackson's Digestive and Liver Powder does not benefit you.

CONSTIPATION GONE; SUFFERED 8 YEARS

Tried everything, but finally found right road to health. Gained 20 pounds.

"My wife has been troubled for eight years with constipation. She has tried almost everything on the market and has never received any benefit from any of them. In fact, they have done more harm than good."

"She overheard one lady telling another what Milk's Emulsion had done for her. She got a bottle and has continued its use since. She weighed 97 pounds at that time, and after taking five bottles she now weighs 117 pounds; gained 20 pounds on five large bottles; besides she is feeling fine."

"If all the people suffering from constipation knew what Milk's Emulsion would do for them, they would have to enlarge their plant."—Leonard McKee, 29 Eye St., N. E., Washington, D. C.

Hundreds have endured torture for years and then found that Milk's Emulsion gives blessed relief and real, lasting benefit. It costs nothing to try.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Brunswick PHONOGRAPHS AND RECORDS

Fine woodworking shows in Brunswick cabinets

WHILE most people buy The Brunswick because of its superior tone and its ability to play all records at their best, no one overlooks the beautiful cabinet work and finish.

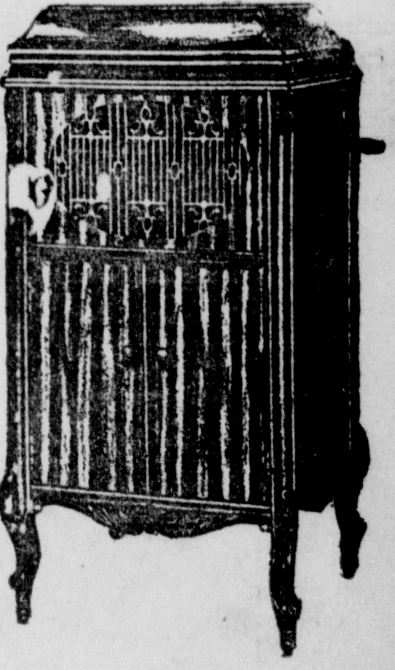

In this particular, it is natural that The Brunswick should be supreme, for the House of Brunswick has been noted for nearly a century for its craftsmanship in wood.

Brunswick makes its own cabinets—they are not bought outside. The Brunswick is built as a 100 per cent unit. So there is uniformity. Brunswick controls the entire process and every quality.

The Brunswick Method of Reproduction is a many-year development.

First it brought the Ultona, the first in-built, all-record reproducer—then the Brunswick Tone Amplifier.

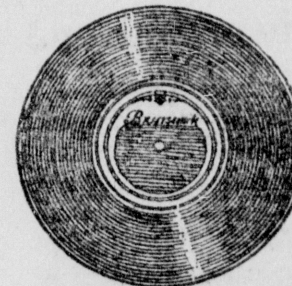

In this finer instrument the amplifier is entirely of wood, like a violin, and tone waves can expand properly. Every acoustic law is observed.

Hear, then compare

The way to fully appreciate the superiority of The Brunswick is to hear it, then make comparison. Your ear will quickly decide in favor of The Brunswick.

All the hitherto lost tones are restored. Metallic sounds are absent. There is richness, fullness, completeness.

You'll appreciate how far in advance The Brunswick is; you'll admire its superior tone. The proof of the pudding is—Hearing. All we ask you to do is to investigate The Brunswick with your own ears.

A great welcome for Brunswick Records

We come with Brunswick Records at a time when reproduction seems to have reached perfection. But you will quickly appreciate the betterments. We felt 'midst all the wonderful advance of modern recording, that there was still a final development, one that would bring complete synchronization.

The outcome is remarkable. It brings hidden beauty, magnetic personality. It brings life into phonographic music that might otherwise be mechanical.

Each Brunswick Record is interpreted by a noted director or an accomplished artist, technically trained in the art of recording.

Thus we bring that rare charm into Brunswick renditions which you will recognize instantly.

We invite you to join the thousands of critical music lovers now judging Brunswick Records. Hear them. Make comparisons. Note their superiority.

Come in and we will be pleased to demonstrate The Brunswick with Brunswick Records.

Convenient Terms is Desired.

Croup Ends Life

Many Children Die of Croup Every Year Before a Doctor Can Be Summoned.

Parents of children should be prepared at all times for a spasm of croup. Keep in the house a treatment that will give instant relief and keep the child from choking until the arrival of the physician.

Get a bottle of HYOMEI today and in case of an attack of croup, pour 20 drops into a bowl of boiling water. Hold the child's head over the bowl so that it can breathe the soothing, penetrating vapor that arises. In the meantime send for a physician.

This treatment has helped many children and is a precaution that all parents should promptly take.

HYOMEI is sold by druggists everywhere and satisfaction is guaranteed for croup, catarrh, asthma and bronchitis or your money back. If you have children, save this notice.

Sold and guaranteed by sayre and Hemphill.

MI-ONA Ends Indigestion

It relieves stomach misery, sour stomach, belching and all stomach disease or money back. Large box of tablets at all druggists in all towns.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

REMAINS OF CLIFF DWELLING FOUND IN WESTERN STATE

Two Skeletons Discovered In Ruins Of Cave In Colorado.

Denver, Nov. 26.—Discovery of what is said to be prehistoric ruins of two cliff dwelling settlements in a canyon west of the junction of the Yampa and Green River in a remote section of the northwestern corner of Colorado has been reported to Prof. Jean A. Jeancon, agent of the U. S. bureau of ethnology.

James Loftus, ranchman of Youghal, brought word of the findings, together with a detailed description of the ruins here today.

Discoveries of incalculable value to science and history have been made in the ruins, according to Professor Jeancon.

Homesteaders' curiosity aroused by the ancient and peculiar canyon wadis and overhanging ledges, partially eclipsed by the 'long, deep opening resembling great pair of lips with flat, stone-colored teeth, led Loftus to make an investigation of the ruins.

In the rooms he declared he found wicker baskets filled with what appeared to be grain. Two skeletons were found in one of the rooms. Pieces of pottery and baked clay were littered about the floor of the houses.

A secretary of social welfare, to be appointed by the president at a salary of \$5,000 a year, also is provided for under the bill.

HIGH SCHOOL WILL HAVE AGRICULTURAL DEPARTMENT IS PLAN

C. A. Waltz, who was a visitor at Bluffton, Ohio, Thursday inspected the agricultural laboratory of the new Bluffton High School, while in that city. Mr. Waltz's purpose in the inspection was in connection with getting ideas for the agricultural department which is to be a prominent feature in Xenia's new High School Building.

Plans for both new buildings are rapidly being developed by Architect Pretzinger and have already been passed by the State Department. Minor changes have been recommended by Superintendent Waltz, one of which is the provision for a kindergarten room for children under six years of age.

The Federal Government under the Smith-Hughes Law provides funds for the employment of a full time 12 months instructor of agricultural subjects in High Schools which meets the requirements as to

SOCIAL WELFARE BILL DRAFTED BY KENYON

Washington, Nov. 26.—Creation of a department of social welfare to "safeguard and promote the social welfare of the United States" is provided for in a bill prepared by Senator Kenyon of Iowa, for introduction at the coming session of Congress. The head of the department would be a member of the cabinet.

The new department would have transferred to its jurisdiction the public health service and the hygienic laboratory, now under the treasury; the bureau of education from the department of interior the children's bureau, women's bureau, the bureau of industries, housing and transportation; the U. S. employment service and the U. S. employees' commission, now under the labor department, and the office of home economics form the department of agriculture.

The bill also would authorize the president to transfer to the department at any time the whole or any part of any bureau, office or other division or branch of the public service engaged in work relating to the social welfare of the people.

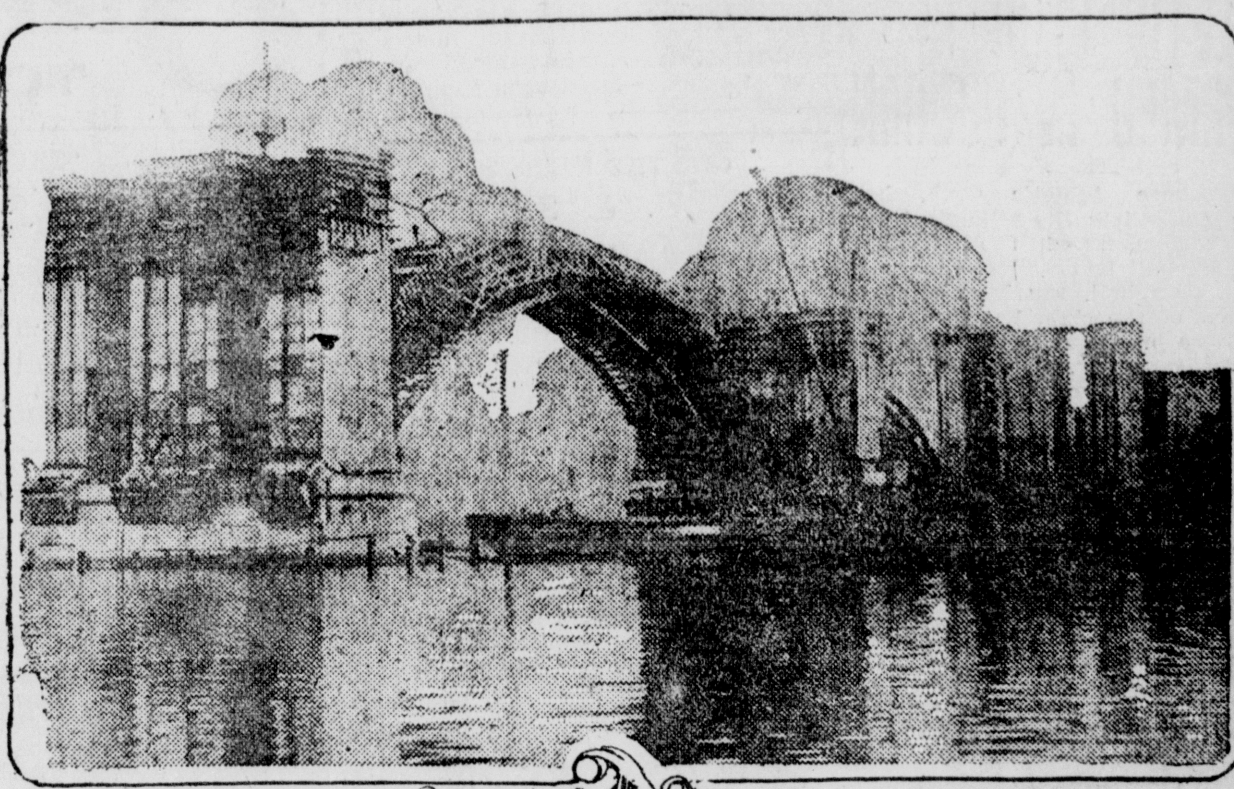

A secretary of social welfare, to be appointed by the president at a salary of \$5,000 a year, also is provided for under the bill.

PROGRESS IN RADIO IS PHENOMINAL

Washington, Nov. 25.—Characterizing the progress in the radio art as "nothing short of phenomenal," Major General George O. Squires, chief signal officer of the army in his annual report to the secretary of war made public today reports that from a technical point of view there has never been a period before when the whole subject of electrical methods and means of intercommunication was in a more healthy state of rapid development than at the present moment.

Asserting that with suitable apparatus messages may be transmitted and received practically between any two points on the surface of the globe. General Squires says we are in fact living in a "tenth-second world" since with suitable equipment, etc., any radio impulse passes between any two points on the surface of the earth, even at the antipodes, within this small limit of time.

BRIDGE IS MEMORIAL TO WRITER OF OUR NATIONAL ANTHEM

The bridge shown above is being erected in Washington, D. C., as a memorial to Francis Scott Key, who wrote the National Anthem. On the Washington side of the Potomac the bridge rests almost on the site of the old Key mansion in which the song is said to have been perfected. The construction of the bridge is said to be an engineering feat.

IRISH GIRLS SAY BEADS FOR STUDENT HANGED FOR MURDER

OHIO CROPS INCREASE FIFTH IN 20 YEARS

Ohio's crop yields have increased approximately 20 per cent in 20 years according to the recent census. Better farming methods are declared to be showing results. For the 10 years preceding 1900, the average yield of wheat per acre in the state was only 14.7 bushels, for the 10 years preceding 1920 it averaged 17.1 bushels. With oats for the 10 years preceding 1900 the average yield was 30.5 bushels, for the 10 years preceding 1920, it was 36.4 bushels. With corn which occupies more acreage than any other crop in the state, the average yield for the 10 years preceding 1900 was 31.4 bushels, for the 10 years preceding 1920, 35.6 bushels, and for the 10 years preceding 1920, 38.5 bushels.

Drainage rotation, better seed-fertilization, and cultivation are leading to increased yields," says Dr. J. I. Falconer of the College of Agriculture. "That it is still possible to considerably increase the crop yields of the state is shown by experiments at the Wooster Experiment Station where yields of nearly twice the state average have been secured for the past 10 years. If the prices of farm products are sufficient to justify the expenditure of labor and capital, the agricultural output of Ohio could be easily increased by 25 per cent in the next 10 years. Whether or not this will be done will depend largely on the prices received for the products of the farm."

STATE CORN SHOW HELD IN JANUARY

A bumper corn crop and growing interest in the Ohio State Corn and Grain Show promise to result in unusually large exhibits of high quality when the annual show is held at Columbus from January 31 to February 4. As usual, this event will be held in the armory at the Ohio State University and in connection with the annual Farmers' Week. A big addition to the usual corn exhibit is assured by providing a new class for students of agriculture in Smith-Hughes schools. The displays for this class will be selected from among the best shown at a large number of local contests held over Ohio.

An elaborate silk banner is offered to the county farm bureau whose members win the largest number of premiums. A large trophy is offered by the Ohio Millers' State Association for the sample of wheat that receives the highest score in the baking and milling contest.

FOR THE TABLE

Breton Chop.—Broil the lamb chops and then prepare a slice of toast. Spread the toast with mayonnaise dressing and cover thickly with finely chopped parsley. Lay on the chop and cover with onion sauce. Dust with paprika and serve.

Cheese Balls.—Take equal parts of cottage cheese and ground walnuts. Add a little celery cut fine, chopped parsley, and mix with sweet cream. Salt to taste. Make into small balls and sprinkle with paprika. Serve as relish with nut bread.

Meatless Meat Loaf.—Two cups cold cooked beans, two cups bread crumbs, one cupful walnuts (ground or chopped fine), one bell pepper chopped fine, one egg, two tablespoons melted butter, salt and pepper to taste. Mix all ingredients thoroughly. Shape into loaf and bake thirty minutes in moderate oven. Serve with tomato sauce.

Walnut Coffee Cake.—Three cups flour, five tablespoons sugar, one egg, one and one-quarter tablespoons salt, four teaspoons baking powder, three-quarters cup milk, three tablespoons shortening, one-half cup walnut meats, one-half cup raisins. Mix and sift dry ingredients. Add raisins and walnuts. Add milk, melted short-

ening and beaten egg. Mix to a soft dough. Roll out one-half inch thick and cut into two strips. Twist and form into a ring. Sprinkle with a little sugar and chopped walnut meats. Let stand in pan fifteen minutes. Bake in moderate oven twenty-five minutes.

TWO GOOD PUDDINGS.

Macaroni and Apple Pudding.—One pound apples, four ounces of macaroni, rind of one-half lemon (grated), two tablespoons sugar, four tablespoons of bread crumbs, one tablespoon cream, one teaspoon butter.

Cook the macaroni in boiling, salted water for three-quarters of an hour. Drain well. Butter a pie or pudding dish and line it with the macaroni. Then sprinkle it with bread crumbs. Pare the apples and slice them thin. Mix with the grated rind, cream and sugar. Fill the dish with the mixture, sprinkling crumbs on top. Then add a layer of material, cover with plate and bake one hour. Turn out and serve with a white sauce.

Gingerbread Pudding.—One-half cup brown sugar, three-quarters cup molasses, six tablespoons shortening, one egg. Place in a mixing bowl and cream well, then add two tablespoons cinnamon, one teaspoon ginger, one-half teaspoon allspice, one-quarter teaspoon of cloves, one teaspoon baking soda. Mix well and then add three-quarters cup milk, two level cups flour, one level tablespoon baking powder. Beat to a smooth batter and then turn into a loaf shaped pan and bake for thirty-five minutes in a moderate oven. Let cool and then serve cut in thin slices and spread each slice with jam or preserve and put together, having three slices; spread on top with marshmallow and sprinkle with finely chopped nuts and serve with orange sauce.

Dick Declares Money Isn't Everything

CHAPTER 23

"How long have you known the Stowells, Dick?" I asked one day. Mildred Stowell had said something that made me think Dick had not told me just how intimate he had been with them—or her.

"I have known Mildred ever since I was in college. You know, she and Stowell married only about six months before we did."

"No, I didn't know it. You were pretty intimate with her, weren't you?" "Why, I used to call on her, take her out occasionally, just as I did a lot of other girls. Why?"

"Oh, nothing! Only something she said let me see that you and she had known each other pretty well. I don't see why you made such a secret of it." Dick threw back his head and laughed.

"Secret! I had no such idea." "Then why didn't you tell me more about her?"

"I'll be perfectly honest, Nan, and tell you why. Mildred Stowell married a very rich man. Naturally she can have everything she wants. I preferred we should not keep up the acquaintance. I feared it would make you discontented. There! That is all there is to it. Now that you have brought up the subject, I'll tell you that I liked Mildred, she was awfully good company. But once when something came up concerning money, she showed herself so mercenary I never

felt quite the same toward her afterward. It was foolish, perhaps, but well—money isn't everything, although we can't get along very well without it."

"I should say not! I, for one, don't want to! The only trouble seems to be I don't have enough." I laughed a little when I saw the serious expression on Dick's face. Someway he had become more serious than he used to be; not as full of fun, and so dreadfully practical where money was concerned.

"Well, keep your courage, dear! Better times will come some day and until they do we have each other and the kid. Most people would feel rich if they had half as much. I believe Stowell would give all he has for a boy like Junior."

"Mrs. Stowell told me that he wanted to adopt a boy a year ago and that she wouldn't consent."

"That was selfish in her, I think. She has so much, and could make some poor kid so happy if she would." "But a child is confining, Dick. And unless it is your own I can see how a woman might object to having the responsibility."

Dick grunted. We often had such little talks, and I accused him of being an old foggy; of always wanting to do what I called the Sunday School act. Later, only a few years later, what wouldn't I have given to have had him feel and talk the same.

I told Clara Watson about Nick Crawford and his wife—what he had done to her. Clara was terribly

shocked; she had met Mrs. Crawford, and had liked her immensely.

"I called there once with a friend and she had the cutest little parlor maid you ever saw. A perfect duck of a French girl. She had her dressed in gray pongee, with white apron and cap, the apron tied around her waist with black ribbons. I was jealous for weeks every time I thought of that girl. I just hate to open the door to my guests. It looks so common!"

I had not felt at all that way, but agreed with Clara that it was rather plebeian. I had wanted a maid, but principally because of Junior, and to help with the kitchen work. Now I had another reason; I wanted to make a good impression on anyone who called by having a smart maid open the door.

"Was she so extravagant?" I asked. "And wasn't it an awful thing for him to do?"

"She had lovely things in her house, and she was wearing the loveliest tea gown the day we called. She is very pretty. I don't think a man has any business betting nasty because his wife runs a few bills—if Jim ever did such a thing to me, I'd leave him in a minute."

"That's what I told Dick! Why, it would be so embarrassing. I would feel that I could never show my face again." Yet down in my heart I knew that nothing would ever make me leave Dick—nothing ever destroy my love for him.

Making Both Ends Meet

The consumer pays too much for food, the farmer receives too little. Between them is a gulf of wasteful distribution methods and speculation. The problem of bridging it faces alike producer and consumer, says

The COUNTRY GENTLEMAN

The farmer has been doing his best with cooperative shipping and marketing; now the consumer at his end is forming direct cooperative buying associations.

In a coming issue of THE COUNTRY GENTLEMAN James H. Collins tells the story of a league of New York restaurant keepers who aim to buy farm produce cooperatively, direct from the farm. They say it's the only way they can make both ends meet these days. Farmers in every branch of the industry have about reached the conclusion that only

through close cooperative methods can they dodge the food speculator and make both ends meet. In the 52 big weekly issues of THE COUNTRY GENTLEMAN that I will order sent to you for just \$1.00 you'll get all the news of organized buying and selling, besides sound guidance on every farm problem, and entertainment galore.
